PROJECTS

The Fitness Zone

Handlebars, Node.js, Express.js, Connect Session Sequelize, Chart.js, Bulma, SQL   *January 2023*

- Developed a search functionality that allows users to find and add workouts to their schedule, providing a comprehensive solution for managing and tracking fitness goals.
- Implemented user authentication using Passport.js and bcrypt for secure password storage and utilized JSON Web Tokens (JWTs) for secure token-based authentication.
- Constructed routing to create, read, update, and delete users, posts, and reactions within a SQL database via URL requests.
- Led a team using agile methodologies to ensure project completion with a focus on polished and debugged output.

EXPERIENCE

Newforma Inc.   **Manchester, NH**

Staff Accountant   *July 2019 - Present*

- Managed all aspects of the Accounts Payable and Receivable processes, utilizing a variety of software tools and platforms.
- Collaborated with IT and software development teams to ensure the accuracy and integrity of financial data, including working closely with developers to troubleshoot and improve existing software applications.
- Conducted extensive data analysis using SQL to identify trends and potential areas of improvement in financial processes, reporting results to executive leadership and making data-driven recommendations for improvements.
- Communicated financial data and insights to non-financial stakeholders, including sales teams and executives, using data visualization and other tools to make financial data accessible and actionable.
- Conducted regular audits of financial data and processes to ensure accuracy and compliance with accounting standards and company policies.

Page Street Leasing   **Candia, NH**

Accounting Intern   *May 2018 – August 2018*

- Updated and maintained billings, checks, and inventory using QuickBooks, developing strong proficiency in accounting software tools.
- Assisted with calls in an efficient and friendly manner, developing strong customer service and communication skills.
- Participated in team meetings and collaborated with colleagues to support accounting processes, developing strong teamwork and collaboration skills.
- Assisted with data entry and organization tasks to support financial reporting, demonstrating strong attention to detail and organizational skills.
